

If this is your first time using BigBlueButton, click an image below to watch a tutorial video. You'll be an expert in a few minutes.

Moderator/Presenter

Viewer

Moderator - You control the audio and can make anyone (including yourself) the presenter. See above video for details.

Viewer - You can view, chat, and listen. If enabled, you can also unmute yourself and share your webcam. See above video for details.

This icon shows the current presenter.

Users		
Status	Name	Media
	Fred Dixon (you)	
	Susan MacDonald	
	Tara McDevitt	

You can make this user the presenter.

You can mute/unmute this user's microphone.

You can lock this user's microphone (user can't mute/unmute).

A checkmark appears when you have joined the audio. If you don't see the checkmark, click the headset icon to join.

Click to share your webcam.
